Our buy prices are for well mixed groups such as seen in over the counter store purchases, estates and collections. To keep it simple we use averages which means we end up buying and paying more for things we often don't need. This only works when we are gettting a nice mix of dates. If your proof set/mint set/commem deal is not well mixed contact us first for a quote (if we need it).

We do buy certain government packaged product with missing/impaired packaging at noted discounts. However, the prices on this Buy List are not applicable for impaired coins.
